

I dunno... I quit breathing a while ago. Does that count then?

REDUCE YOUR
CARBON FOOTPRINT!

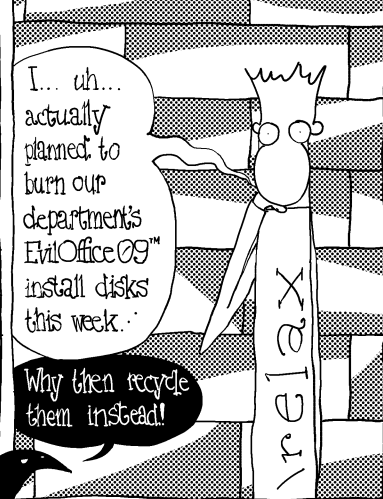

NOW

Well, yeah, it might. But... But it's hardly a choice for any of us living, y'see.

Hmph. Bad attitude day, huh? The living and their "basic needs"... How about more resource-friendly software then, smart guy?

I... uh... actually planned to burn our department's EvilOffice 09™ install disks this week...

Why then recycle them instead!
